ML Painted Sable is stunning! Measuring just shy of 70" TTT & 89 7/8" TH. Sable is striking with her black and white coloring and size. Nice strong base & length to her horn. Her Sire is G&L Painted Savage who traces back to ZD Kelly. Her Dam goes back to Bolt Action Star and Peacemaker 44. Sable is confirmed bred to RJF STOCKS & BONDS. Due early summer. We are excited for this girl and her future here at the ranch.
